

# Mohamed Khaled Abdelttwab

Software Engineer

Address: Fayoum, Egypt | Phone : +201099429789 | Linkedin: [Mohamed](#) | Github: [Mohamed](#) |

Email: [mohamed.khaled.abdelttwab@gmail.com](mailto:mohamed.khaled.abdelttwab@gmail.com)

## Education

**Egyptian E-Learning University | Information Technology Degree** Fayoum, Egypt | 08.2021-present

Actively Pursuing IT Degree , Current GPA : 3.63

Collaborating on diverse programming tasks, emphasizing teamwork..

## Skills

**Tech Stack:** Git | GitHub | C++ | C# | HTML/CSS | Network Routing and Switching | MSSQL | .NET | JAVA | CCNA

**Knowledge:** Problem Solving | Object Oriented | Data Structures | Algorithms | Databases | Agile Methodology

**Languages:** Arabic | English

## Experience

**ECPC Competition | Participant** Alex, Egypt | 08.2023- present Achieving fourth place at the university level, in

cooperation with the team in solving challenging problems

**ICPC EELU University | Mentor**

assisting budding programmers in enhancing their problem-solving abilities and mastering topics related to data structures and algorithms.

## Projects

**Library Management System Console Application**

**Tech Stack :** C# , OOP , Data Structures

**Description :** manage library books , enable user to display and borrow books

**Operating system scheduling algorithms**

**Tech Stack :** Java , OOP , Data Structures

**Description :** Implementing OS Algorithms such as ( FCFS , Preemptive SJF , Non Preemptive SJF , Round Robin Algorithm , Preemptive Priority , Non Preemptive Priority )
